

NewsMatch

Advance coverage of a topic or region:

Contribute to a special interest fund dedicated to supporting multiple organizations that cover a particular issue or place.

NewsMatch Partner funds award matches to newsrooms that meet specific criteria, like geographic region, topic focus, or audiences served. Previous partner funds have supported newsrooms with a strong DEI focus and education reporting along with regions like the American South, Puerto Rico and the broader Philadelphia/NJ/DE region.

Partner funds enable regional and interest-based funders to effectively support INN's growing network of nonprofit newsrooms through NewsMatch.

In 2023, NewsMatch is seeking support for partner funds that align with key priorities across the field of nonprofit news, including climate change/the environment; education, rural newsrooms; and inclusion/equity.

Join the coalition of funders who have invested in nonprofit newsrooms through NewsMatch partner funds.

In 2022, 10 national and regional funders around the country joined this movement, seeding funds for nonprofit newsrooms around the country to secure individual and local matches.

2022 funders included:

Knight Foundation
Heising-Simons Foundation
William and Flora Hewlett Foundation
